Apologies, I forgot the attachment. Here's the contact info for UW:

Subject: Rent bidding ordinance and study

Hi Miriam,

Here's the current version of the ordinance. As you'll see in Section 3, there is a request currently asked of SOCR and SDCI regarding the impact of these apps on the housing market. If you could confirm the OH is the appropriate party for this and let me know how long a study to look at the impact of rent bidding on the housing market might take, I'll prepare amendments for committee next week.

Thank you so much!
Asha
